Kevin Reilly – MM Beneficiary

“I write in order to thank Mission Motorsport for the excellent opportunity to attend and take photos at the Race of Remembrance this past weekend. I was particularly pleased with the personal support I received from Mark, Sarah, Simon, Adam and the two photographers, Chris and James.”

Mission Motorsport has played a key role in the management of my condition. I am never complacent with the help I get from people like yourselves, for which I am truly grateful. The weekend proved to be an exciting and challenging experience. I was amazed at the extent of the organisation and the effort you guys must have put into planning it. From my perspective it appeared to go well despite the weather throwing everything at it.

I cherish my relationship with Mission Motorsport and hope that further opportunities may be forthcoming. I enjoy both the physical participation of driving and the vocational aspect of learning event photography. Once again, very many thanks to all concerned and congratulations on an amazing event”
